- Easy to install
- Manufactured from high impact white u-PVC, the system is designed to withstand the most rigorous demands of home and office use
- Available with or without self adhesive backing
- Screws intended to be tightened should be done so with a screwdriver at a torque of 2Nm

### Properties

Color	white RAL9010
Dimensions	60x25mm
Degree of protection (IP)	IP20
Halogen-free	YES

Silicone-free	YES
---------------	-----

Weather-resistant	from -5 up to +90°C
-------------------	---------------------

### Material

Trunking	PVC
Lid	PVC

### Technical features

400 V	
Mountyng type	surface mounting
Instalation position	can be mounted on a wall or ceiling

### Certificates & standards

CE	YES
Flame retardant	Self-extinguishing
ÖVE	YES
RoHS	YES
